

The Canyon County Republican Women stand in alliance with the National Federation of Republican Women and the National Republican Committee in opposing Common Core Standards. We also stand in alliance with the Canyon County Central Committee and the Idaho Republican Party Central Committee in opposing Common Core Standards. The incessant trail of education reforms - predating 'Goals 2000' under Pres. Clinton, 'No Child Left Behind' under Pres. Bush, 'Climb to the Top' under Obama - have a documented track-record of failure; a documented track-record of NOT improving academic accomplishments in the government schools. We are sacrificing our children on the government-alter of public education; as this government system purposefully becomes weaker and weaker in the pursuit of honing the intellect of future generations, it becomes stronger and stronger in manipulating students to assess feelings and politically-correct, public opinions rather than facts and principles. The Canyon County Republican Women stand in alliance with the statement of Abraham Lincoln that "The philosophy of the school room in one generation will be the government in the next."
